Abriso April 4 sq.morton ely Dearfui -Servict me to cultivouce to your dequantance any young friend Me William Gambel of this City, who has paid succeptul attention to both Betany & Loology. At is on his way to Santa Fie on a Scientific Excursion, & any advice or informa tion you can give kein will be gratifully received big hem & me. I called at you desired on Mr. Thorspecken, who had heard nothing of the Box of Crania, but advised me to inquire at the austom House, which I did, but with no better success, for no such parcel had been received there. If you would forward tome without delay the name yelle herron in Bremen with whom you lift these articles, I write get W. J. to address here a letter, in the hope that what I so much value will yet come vapely to hand. I umain, dearfin, Very faithfully your friend Hent Samue Gune Monton GEORGE ENGELMANN PAPERS Muladelphia March 9.1141 Turge Engelman Mas MISSOURI
